NOV 19 1940

MEMORAHDUM POR: DIRECTOR OF INTELLIGENCE DEPARTMENT OF THE ARMY

BUBLECT

Production of Scientific Intelligence in the Field of Ordnesse

- 1. Reference memorandum from the Chief. Intelligence Group. Intelligence Division, GSUSA (CSGID 452.1) on Scientific and Technical Intelligence on Airgraft and Weapons, dated 2 November 1948.
- 2. It is assumed that referenced momerandum pertains to a later memorandum from the Assistant Director, Reports and Estimates, same subject, dated 12 October 1948 (in which collection and production action was requested) in lieu of the memorandum of 30 August 1948 (in which attendance of representatives at a committee meeting was requested).
- 5. This office desires that there be a minimum of wasted effort and duplication in the procurement and production to meet the requirements of the Research and Development Board for scientific intelligence in the field of ordnames. In the interest of scomplishing those requirements it is considered that the best interests of all conserved would be served and the objective would be attained if the intelligence agency of the Army would deal directly with the Research and Development Board.
